## FOR STATE SENATOR.

We are authorized to announce Dr. S. M. DUNN, of Nodaway county, as a Radical candidate for State Senator, from this Senatorial District.

## COUNTY CLERK.

We are authorized to announce Capt. ALFRED WATERS, as an independent candidate for the office of County Clerk, at the ensuing November election.

## FOR COUNTY TREASURER.

We are authorized to announce JONAS LAHMER, as an independent candidate for the office of County Treasurer, at the ensuing November election.

## Public Speaking.

IRA C. BUZICK, the regular nominee of the Radical party for Representative, and the other regular nominees for various county offices, will meet and address the people of Holt county at the following times and places. WILLIAM KAUCHER, an independent candidate for Representative and all other opposition to the regular ticket is earnestly invited to participate:

Perkins' Mill, Friday, Oct. 26th.

Zimmerman's Mill, Sat., Oct. 27th.

Mopes' S. H. Tuesday, 30th.

Forest City, Friday, Nov. 2d.

Oregon, Saturday, Nov. 3d.

## For the Regular Ticket.

With a J. Evans, it will be seen, withdraws from the race, and expresses his intention to abide by the nominations of the Convention.

Hon. A. G. HOLLESTER, we are informed, is also giving the ticket his earnest endorsement.

## Look at the Facts!

Let the voters of Holt county who have been told that the Railroad will go by Hickory Creek if Mr. Buzick is elected, bear this in mind: that the Railroad is bound to go on the route as specified in the contract between the company and the County Court. When the seventy-five thousand dollars were pledged to the company, by that contract, Oregon was to be made a point. The company and the county made the contract with the charter before them, and there is no power anywhere that can impair the obligation of that contract.

## For Circuit Attorney.

It will be seen that we announce Hon. I. C. PARKER as a candidate for Circuit Attorney of the Twelfth Judicial Circuit. We understand that the Attorney General and many other prominent lawyers of the State have expressed an opinion that the office is not to be filled by election this fall; still, in many Circuits, candidates are running for the position. As there is a difference of opinion, Mr. PARKER has thought best to run, and in the event of re-election, save controversy.

## A Card From Dr. Evans—He Withdraws From the Race.

Mr. Editor: I desire through your columns to say to the people of Holt county, that I am no longer a candidate for Representative, as the issue between Mr. Buzick and myself has been settled by the Attorney General. The Attorney General has decided that he is eligible for that position, and he having got the nomination, is the regular nominee of the party.

General in a few months, time placed in important country.

He was promoted until there was a rank to promote him to. Then Congress created a new rank of Lieutenant General, and he was again promoted to that rank. Not satisfied with that, Congress has created a still higher rank of what is called a full General.

Mr. Editor: Parties not unknown have been circulating the following malicious lie during the last few days, viz: "That I opposed the adoption of the New Constitution." These parties, after having gone down into the dregs of meanness, and combined all their malicious influences against me, and finding themselves foiled in each and every attempt, have been driven to their last desperate struggle. But, thank God, they have drawn a happy record for me, and a brighter one than my consistent opponent dare show. I did not vote for the New Constitution; but if I could have had a million votes, I would have cast every one for it. I lacked a few days of having been in Holt county long enough to vote. But the voters of Benton township will bear me witness that I stood at the polls and worked for its adoption on the day of election, and others will bear me witness that I wrote three-fourths of the tickets that were cast in Benton for the Constitution. But my devotion and labor for the Convention did not begin there. I was editing the New Era, the first Radical paper published in Savannah during the war. I supported the Constitution during the long months of its session, when the people grew impatient, and wanted them to adjourn. I published article by article of the Constitution as it was framed and sent to me by Col. Bonham; and I sustained it through my paper to the best of my ability, from its earliest infancy. I did not wait to see where the majority were going, for or against, but I stood by it in the hour of need, when dark clouds were hovering over, and when thousands who did vote for it in the end, had not made up their minds which way they would vote. Respectfully, IRA C. BUZICK.

Letter from Col. Bonham—He Declines his Position on the Railroad Question—His Opinion of Independent Candidates. SAVANNAH, Mo., Oct. 22d, 1866. ED. SENTINEL: Sir: We live in an age of wickedness, and it is no wonder that Omnipotence sent a scourge upon us for the last five years. I have this moment read a letter from Oregon, from which I quote the following: "The people in upper Holt have been informed that you pledged yourself against them on the railroad question; and they have it also reported that you was favorable towards Mr. Kaucher running independent against Mr. Buzick." Now, sir, if the people of Holt cannot trust me with their interest, with the record I have made for the last five years relative to the Platte Country Railroad, any thing I can say more will avail them nothing. There is not a man in this Senatorial District who is not a stockholder, that has spent the time and money that I have, to procure its completion from Kansas City to the Iowa line, running through the counties of Andrew, Holt, and Atchison. The two former having subscribed largely, expecting to see the road built via Savannah, Oregon, Forest City, Mound City, and Tarkio, to the Iowa line. The vote of these counties was given with that expectation. This was the expressed will of the people of those two counties, and rise or fall, sink or swim, I adhere, to all those points, to-day, unless either county should take another vote on its location, and choose by a majority vote a different route. I have a public record, as also a military record, that I am not ashamed of. From, and upon that record, I know I received the nomination of this district for State Senator; and if local interest, and side issues are to force my defeat, it shall be done with honor on my part.

As to the second charge, I supposed the raking down I gave independent candidates in my speech at Oregon on the 13th inst., would or ought to have satisfied every man; but I will state here, upon the honor of a man, that I never passed a word with Mr. Kaucher, nor he to me, as to his becoming a candidate, and never dreamed of it until I saw the Holt County SENTINEL this day. In conclusion, sir, I wish to say to the Radical party of Holt county, that that man is yet unknown, that could be elected to the State Senate, who would study more, or work harder than I shall (if elected) for the best interest of the counties composing this Senatorial District, as also to the whole State. I have had legislative experience, and think I can do as much good for this district, State, and Nation, as any other man in it, and do it satisfactorily. But if the people of Holt county think they can do better by electing my opponent, thus widening the breach in the Radical party, I shall bow to their decision. Most respectfully yours, D. BONHAM.

President has designated the day for the next November as a day of gold watch of his life, seen by a prodigy something to remember touching simplicity.

Prominent among the many men who are anxious to offer themselves as a willing sacrifice upon the altar of their country, is a man brought into the notice of the people by a conglomerated set of men, composed of old Democratic shysters, political demagogues, copperheads, Radical bolters, and other kindred material. This man is brought out in opposition to the regular nominee of the great Radical Union party of Holt county. You are asked and expected to vote for him at the approaching election. It is the desire, and the only ambition of those who brought him out, to have him represent you in the next General Assembly of Missouri. He, too, asks your suffrage—the suffrage of loyal, Radical, men—men who have braved the danger of many a hard-fought battle, men who marched and suffered, for four long weary years, over the stony hills, and through the boggy, pestilential swamps of the South, for the establishment of a Government that would be the brightest star in the galaxy of Nations. A Government based upon the eternal principles of Right, Truth, and Justice, and made sacred and dear to every patriot, by the blood of the long train of martyred dead, which has been shed in its upbuilding and defense.

The question is, Will you support a man who was a member of the Convention which nominated Mr. Buzick, and who pledged himself to abide by the decision of that Convention, and exhorted you to do so through an address of the Central Committee? Will you give your support to a man who, so far, receives his only support from the above denominated material, who brought him out, and whose only hope of success is in the defeat of the regular nominee of the Radical Union party? What reason have we for believing that this self-nominate candidate will better represent the interest of the people of Holt county than the regular nominee? He has made no pledges upon matters which are of vital importance to the people, and which will doubtless be brought before the next General Assembly. It is true, we can defeat the Conservatives with the votes of the divided one-half of the Radical party, yet that has nothing to do in this case. When a class of men, such as we have designated, bring out a ticket, born in infamy and disease, and which feeds from its own corruption, we think honor is at stake when we promise it our support.

We want a man, a patriot, to represent us; a man who seeks to vindicate those eternal principles upon which our country is founded; and such a man we have found in the regular nominee of the Radical party. Unity is the principle pre-requisite of success. Let us unite, and by our overwhelming majority, teach the opposition that to bolt is to be badly defeated.

I said apparently, because any man who knows anything about Railroad building, knows that the position of a Representative in relation to the action of a Railroad company of which he was not a member, would not affect the location of such road one sixteenth of an inch.

Mr. Buzick, for all I know, may be anxious for the location of the road by way of Maryville, in Nodaway county, or by White Cloud Kansas, or any other route. What of it? Will your correspondent please inform me how he can affect the result? If he wants a change made in the location of the road, he will have to go to the company with a financial consideration in his hands sufficient to pay the cost of such change, and to leave a profit over and above such cost in the hands of the company. Will Mr. Buzick do this? He may, if the citizens of the county will furnish him the money. He is not and does not I believe, pretend to be a capitalist; how then can he change railroad locations by his beck and nod? The fact is, Mr. Editor, the only difficulty with Mr. Buzick, as far as I can discover, lies in the fact that he was nominated over men who make aspirations to greatness. Well, it is a pity that all who aspire cannot get nominations. I do not know but one way to obviate the difficulty, and that is to secure the passage of an act that shall give Holt county as many Representatives as there are ambitious men.

What reason have we for believing that this self-nominate candidate will better represent the interest of the people of Holt county than the regular nominee? He has made no pledges upon matters which are of vital importance to the people, and which will doubtless be brought before the next General Assembly. It is true, we can defeat the Conservatives with the votes of the divided one-half of the Radical party, yet that has nothing to do in this case. When a class of men, such as we have designated, bring out a ticket, born in infamy and disease, and which feeds from its own corruption, we think honor is at stake when we promise it our support.

We want a man, a patriot, to represent us; a man who seeks to vindicate those eternal principles upon which our country is founded; and such a man we have found in the regular nominee of the Radical party. Unity is the principle pre-requisite of success. Let us unite, and by our overwhelming majority, teach the opposition that to bolt is to be badly defeated.

A SOLDIER.

OREGON, Oct. 15th, 1866.

ED. SENTINEL: I notice that one of the questions which apparently enter into the opposition that is being brought to bear against Mr. Buzick—the nominee of the Radical party—is the Railroad question. I said apparently, because any man who knows anything about Railroad building, knows that the position of a Representative in relation to the action of a Railroad company of which he was not a member, would not affect the location of such road one sixteenth of an inch.

Mr. Buzick, for all I know, may be anxious for the location of the road by way of Maryville, in Nodaway county, or by White Cloud Kansas, or any other route. What of it? Will your correspondent please inform me how he can affect the result? If he wants a change made in the location of the road, he will have to go to the company with a financial consideration in his hands sufficient to pay the cost of such change, and to leave a profit over and above such cost in the hands of the company. Will Mr. Buzick do this? He may, if the citizens of the county will furnish him the money. He is not and does not I believe, pretend to be a capitalist; how then can he change railroad locations by his beck and nod? The fact is, Mr. Editor, the only difficulty with Mr. Buzick, as far as I can discover, lies in the fact that he was nominated over men who make aspirations to greatness. Well, it is a pity that all who aspire cannot get nominations. I do not know but one way to obviate the difficulty, and that is to secure the passage of an act that shall give Holt county as many Representatives as there are ambitious men.

COMMON SENSE.

For the SENTINEL.

To the Radical Union Voters of Holt County.

Prominent among the many men who are anxious to offer themselves as a willing sacrifice upon the altar of their country, is a man brought into the notice of the people by a conglomerated set of men, composed of old Democratic shysters, political demagogues, copperheads, Radical bolters, and other kindred material. This man is brought out in opposition to the regular nominee of the great Radical Union party of Holt county. You are asked and expected to vote for him at the approaching election. It is the desire, and the only ambition of those who brought him out, to have him represent you in the next General Assembly of Missouri. He, too, asks your suffrage—the suffrage of loyal, Radical, men—men who have br
